International Comparisons database: UAE country file review

We are currently in the process of reviewing the UAE country file on our International Comparisons database to reflect recent developments in the Emirati school system.

One key area of focus for the review is the curriculum and learning outcomes for the general and advanced streams at upper secondary level. This will be of particular interest to members recruiting students from the UAE onto undergraduate degree programmes. [READ MORE](#)

New list of UK regulated professions published

The UK Professional Qualifications Bill is currently going through the UK Parliament. The [list of UK regulated professions](#) (and their regulators) that will be considered in scope of the Bill has now been published by the Department for Business, Energy and Industrial Strategy (BEIS). New professions have been added, compared to previous such lists.

FAQs reminder: FAQs are now available for 20 country files

As a reminder to members, Frequently Asked Questions (FAQ) sections are now available for 20 key country files in our online databases. The new FAQs address many common member enquiries and give immediate answers online without having to submit a member enquiry through the portal.

FAQs have been added to the following 20 country files: Australia, Bangladesh, Brazil, [READ MORE](#)

The list of professions covers those that are regulated by legislation – some on a UK-wide basis, whilst others have separate regulations in the devolved nations of the UK.

Once it enters into force, the Professional Qualifications Bill will create a new UK framework for recognising overseas professional qualifications and experience, replacing the previous system for recognition based on the UK's membership of the European Union. [READ MORE](#)
